- Provided technical assistance during the construction phase, ensuring the correct implementation of the project.

### Engineer Associate | LMF

Brazil | Jan 2016 - Apr 2017

- Supervised the quality of project execution.

## SKILLS

## ABOUT ME

After working in the construction field for the past few years, I took a step forward to pursue my dream of becoming a developer. I am a sociable, resilient, and responsible person who thrives while working in a team, and likes to continuously learn through experience and based on constructive feedback.

## EDUCATION

### Web Development Bootcamp
